**HERBAL INITIATIVE**

**FOR YOUTH**

**TO BRIDGE THE OCEAN**

### Bratislava, 01<sup>st</sup> May 2017

Following its course, the project **Herbs4Youth** continue to implement his Pilot Actions into facts.

Thus, 12 persons from the partners countries have traveled to Jamaica, preparing the **Second Herbal Incubator/ Experimental Herbal Plant** there, strongly supported by Jamaican **4-H Club** organization.

The experimental herbal plants are used for the training of cultivation and domestication of herbs (MAPs), **on-line monitored by the trainers and trainees from other countries**. Through this activity was covered several types of herbs (possibility of adaption of European plants due to different weather conditions).

During this period, **testing** of the educational and training materials and tools during the "Herbal Camp" with Youth and workers with Youth has been performed not only with regional stakeholders during the big event organized by the host organization **4-H Club** in Denbigh, EXPO Achievement day, but also with pupils and students from the surroundings schools focused on agriculture development .

## Second pilot project - Jamaica

Thus, the pilot consists in development of a Living Lab installed in Linstead, offering in this way the opportunity to monitor the weather conditions (by the installed weather station, ex. Humidity, temperature, wind, solar radiation, etc.) and the video cameras (real time images for monitoring the growth of the plants), contributing in this way to further development of the **Comparative analysis - research on the status, main principles and best practices of herbs (MAPs) and entrepreneurship opportunities** and the further development of **joint curricula**.
